

STATEMENT FROM SANTA CRUZ BEACH BOARDWALK RE: REOPENING PLANS

The Santa Cruz Beach Boardwalk is excited by the news of Santa Cruz County improving to Tier 3 on the State's Blueprint. This is a testament to the strong leadership of local public health officials and demonstrates how our community has risen to the challenge posed by COVID-19.

The Santa Cruz Beach Boardwalk remains open daily with a limited selection of food and shopping options. Boardwalk rides, indoor arcades and miniature golf remain closed for now. We are currently reviewing the state's reopening guidelines for amusement parks to understand how and when the Boardwalk can reopen rides and other attractions. The safety of our employees and guests will remain our top priority whenever we reopen. The Boardwalk Bowl will reopen on October 28 at 9:00am at 25% capacity and in compliance with all state and local guidelines. We will make an announcement on our website and social media channels when we have more information to share about our plans to reopen Boardwalk rides and attractions.
